LITTLE FOOD IN RUSSIA FOR HUNS

Washington Officials Thing, However, Germans Will Make Most of Situation

CAN GET NEEDED FATS

Meat Animals in Slav Lands Will Be Aid to Sorely Oppressed Teutons

Washington, D. C., March 15.—Germany's military and political victories in Russia will give her little economic benefits immediately, in the opinion of American officials familiar with the resources of the Slav territory, thought it is taken for granted that Germany will make the most of the opportunity for reorganization and will reap rewards accordingly.

Not more than 10,000,000 bushels of grain are believed to be available in eastern and southern Russia after the demoralization of the past year which has curtailed production and increased waste. In October it is possible that from 30,000,000 to 40,000,000 bushels will be available for the spoilers from the new crop.

To Get Fat From Dairies.

Perhaps more important than grain will be the vast resources of the Siberian dairy farms which have been developed by German capital and which will begin to supply in June the fats for which Germany admittedly has been suffering.

Semi-official reports of the capture of 80,000,000 bushels of grain in Rumania are ridiculed by officials here on the strength of reports from American Red Cross workers and others who have been in Rumania recently. They say there was no grain to be bought in the open market and that even when commandeered cars were sent under guard to remote regions, only limited quantities could be obtained and those were subject to pilfering by the needy population if left unguarded for any time.

Russia has always been accustomed to sell its grain rapidly after the harvest, because there are few facilities for storage. After a year of anarchy, in which the question of food constantly has been uppermost in the minds of a populace excited by sudden power and freedom, officials here say they believe little stored grain remains.

Meat Animals Will Aid Germans.

Meat animals obtained in Russia undoubtedly will aid Germany to some extent, but the amount of them will not be large. Many are in remote sections. The same thing is true of the vast mineral resources which are found chiefly in the Ural mountains, in mines which have been neglected of late and reached only by a transportation system that has lost much of its efficiency.

German organization, perhaps the kind exemplified in Belgium, will get the most out of the conquered land, officials have no doubt. It is evident, however, that the constant pressure on the western front, especially with American troops fighting, will not allow any large army to be put in Russia, as has been done in Belgium.

Germany's capture of whatever grain is available does not affect the Allies' supplies, since neither Russia nor Rumania has been rationed by the other nations.

No Wheat to be Had in Odessa.

Chicago, Ill., March 15.—J. Ralph Pickell, a grain expert, who has just returned from Russia, where he spent six months studying crop conditions, said today that the Germans will find no wheat in Odessa. What little grain there was in Odessa, he said, was consumed some time ago by the inhabitants, refugees and disbanding soldiers.

He declares that Nikolaiev and not Odessa is Russia's great storing center and that a large army of Cossacks stand between the invading Germans and vast store houses containing 51,000,000 bushels of wheat.

The port of Nikolaiev is 250 miles northeast of Odessa and gets its supply of grains from shipments on the Black Sea," said Mr. Pickell. "It gets its wheat from the immensely rich territory of Kazon and Simbirsk, several hundred miles farther north, but the Germans will have a fine time getting to it. The wheat supply in Nikolaiev is fast dwindling because of the shortage in other parts of the country and the probability is it will either be gone or moved farther north before the Germans can get there."

SWEDISH MEDIATORS FAIL

Mayor of Stockholm, Chairman of Delegation to Finland, Held by Germans, But Is Released.

London, England, March 15. — The Swedish delegation, which attempted to mediate in Finland, returned to Sweden on Wednesday, the Exchange Telegraph correspondent at Copenhagen reports. Mayor Lindhagen of Stockholm, who was chairman of the delegation, was arrested by the Germans on the Aland Islands and imprisoned until an officer of a Swedish warship demanded his release the advices state. Mayor Lindhagen reported that the Aland Islands are now completely under a German military dictatorship.

The Vasa correspondent of the Aftonbladet sends a report that a train with 100 of the Red Guard on board was blown up near Rantuf and that many of the troops were killed.

REED LAUNCHES NEW ATTACK UPON HOOVER

Hits Also At Fuel Administration in Debate on Appropriation Measure

Washington, D. C., March 15. — Senator Reed, Missouri, Democrat, made another attack on Food Administrator Hoover and the food and fuel administrations generally in the senate today, in a debate on the senate agricultural appropriation bill requiring clerks in the department of agriculture to work eight hours a day instead of seven as at present. The amendment finally was adopted 79 to 28, but is to be effective during the war only.

Senator Reed said that while giving its attention to legislation requiring clerks who have grown old in the service to give more of their time to the government, congress is overlooking the unnecessarily high salaries paid in the food and fuel administrations. He assailed particularly the pay of the vice president and assistants of the grain corporation, a subsidiary of the food administration, which he said ranged from $2,400 to $6,000 a year.

"Now let us go to the payroll of the national headquarters," said the Missouri senator reading from a list of employes. "Ben S. Allen, $4,800. Now who is Ben S. Allen? He undoubtedly is a very nice gentleman. He was a representative of the Associated Press, England. He became the private secretary to Mr. Hoover and accompanied Mr. Hoover to the United States and is now drawing $4,800 a year. I do not know what his duties are—whether he is still representing the Associated Press, or whether he is assistant to the vice president, or whether he is just Mr. Hoover's private secretary, but his salary is $4,800 a year.

(Mr. Allen does not now represent the Associated Press and has not been connected with it for nearly three years.)

Turning to the fuel administration, the Senator read a long list of names of employes and their salaries, which ranged from $3,600 to $5,000 a year.

SEND TROOPS TO QUELL I. W. W. RIOT IN IDAHO

Former Secretary of Organization Held For Trial—Crowd Threatens Jail

San Francisco, Cal., March 15.—Major General Arthur Murray, commanding the western army department, announced tonight that he had ordered troops dispatched to St. Marie's, Idaho, where rioting was reported between citizens and members of the I. W. W.

General Murray declined to say how many troops were being sent or from what point.

St. Marie's, Idaho, March 15.—W. M. Nelson, former local secretary of the International World Workers, was taken to Couer d'Alene late today for trial on a charge of criminal syndicalism after an altercation between Sheriff E. B. Noland and a crowd of I. W. W. sympathizers.

Information that a change of venue had been granted, on motion of the state in Nelson's trial which was to have been held here today caused the formation of a crowd of about 200 persons for the purpose of delivering Nelson from the jail the sheriff said. When he attempted to disuade them he was set upon and badly beaten.

Armed citizens quickly surrounded and subdued the rioters. Later a score of special deputies was sworn in to preserve order.

SOLDIERS TO TRAIN AT N. Y. U.

Chancellor Brown Signs First of Series of Government War Contracts to House, Feed and Train Men.

New York, March 15.—Chancellor Brown of New York university signed today the first of a series of contracts which the war department is completing with educational institutions for the technical training of contingents from the National army.

The contract provides that the university shall house, feed and instruct 100 selected men from April 1 to June 1, and it is expected that after June 1 the number of students will be increased to 860. The soldiers probably will be housed in the gymnasium and a large mess tent will be placed on the campus for their use.

The soldiers will be instructed chiefly in technical subjects pertaining to the aviation service. There will also courses in drafting, radio signalling, concrete work, gas engine and electrical repair work and gas welding.

TWO DIE IN WRECK.

Harrisburg, Pa., March 15. — Two dead and more than a score injured, all of whom remained in the Harrisburg hospital, is the result of the crash of a landslide in the Elizabethtown cut of the Pennsylvania railroad, against the Cincinnati express early today. Miss Lena Esther Palmer of Morgantown, W. Va., and Mrs. Vera Havenscrost of Pittsburgh, Pa., were killed.

The force of the slide, which included big boulders, knocked two sleeping cars containing upward of 50 people over three tracks.

Daylight Saving Bill Is Passed By House

Washington, D. C., March 15. — The daylight saving bill was passed by the house today and now goes to the President. The plan is to set clocks forward one hour at 2 a. m. on the last Sunday in March and set them back an hour at the same time on the last Sunday in October.

The vote was 232 to 40.

The plan was adopted last year in England, France, Germany, Italy, Norway, Sweden, Denmark and Portugal, and this year in Australia and Iceland. The Canadian government is considering it, but has withheld action until the United States has decided what to do.

The bill has had the support of practically all the large industries in the country, and its proponents have argued that it will result in a great saving of fuel and benefit wage earners in that they will have more time for recreation during daylight hours.

BRYAN SANCTIONED GERMAN WOOL TRADE

Statement Brought Out At Textile Conspiracy Investigation At New York

New York, March 15. — Wool shipments to Germany in exchange for dyes badly needed in this country were endorsed early in the war by the American state department, according to testimony given at the opening today of Attorney General Lewis' inquiry into an alleged conspiracy to obtain for Teutonic interests a dominating position in the world textile market after the war.

The witness who made the assertion was Julius Forstmann, the naturalized German head of a Passaic, N. J., firm of woolen manufacturers. He admitted, however, that he had acted as agent for German interests in wool purchases after March 26, 1915, the date on which American woolen manufacturers voluntarily submitted to regulations imposed by the Textile Alliance, Inc., a quasi-official agency created at the instance of the British government to control consumption of textiles from British colonial possessions so that none of these materials could reach Germany.

Early in his examination Forstmann said he "had instructions" from Count von Bernstorff, the former German ambassador, to take orders from H. F. Albert, then fiscal agent of the German government in this city "in all matters relating to wool shipments" during the time the United States remained neutral. He maintained that these transactions for German interests were legal, as they had the approval of the state department in agreements with the German embassy at Washington.

The witness declared William J. Bryan, then secretary of state, endorsed the shipments because in exchange for the wool Germany released quantities of dyestuffs which were sorely needed by the American manufacturers.

CALLS SCOUTS TO AID NEXT LOAN

President Tells Them to Be "Gleaners" for the "Reapers" in Rendering Practical Service.

Washington, D. C., March 15.—Boy Scouts of America were mustered today into the army of workers of the third Liberty loan, which will open April 6 at the request of President Wilson.

"As in the two previous campaigns," wrote the President to Colin H. Livingston, president of the Boy Scouts organization, "it is desired to have the Boy Scouts of America serve as 'gleaners' in a house to house canvass after the 'reapers,' gleaning through the days set aside for your special campaign.

"It is my earnest wish that every troop of Boy Scouts and every scout and scout official take part in your war service activities, especially in the Liberty loan campaign. Not only this of practical service to our country in these critical times, but it is of great educational value to the boys in preparing them for the valuable quality of citizenship."

GENERAL PECK, VETERAN, DIES

President Society Army of Potomac—Identified with Vermont Military Affairs.

Burlington, Vt., March 15.—Gen. Theodore S. Peck, president of the Society of the Army of the Potomac, died at his residence here today.

General Peck was identified with military affairs in this state for many years after the Civil war and was a leading member of many patriotic societies. From 1881 to 1900 he was commander of the First brigade, Vermont National Guard, and adjutant general of the state.

During the Civil war he served for almost four years in the First Vermont cavalry and the Ninth Vermont infantry, rising from private to a captaincy and was also on the staff of the Army of the Potomac. "For distinguished gallantry in action at Newport Barracks, N. C., February 2, 1861," he was awarded a congressional medal of honor.

INFER GERMANY SOUNDS ALLIES ON PEACE TERMS

Belief Taken from Statements Made By Two Hun Officials

CECILE MAKES DENIAL

Hindenburg Says Imminent Battle Will Be Tremendous; Germany Stronger

RUSSIAN PEACE STEP CLOUDED

Teutons Warn Holland on Ship Question—French in Spirited Fighting

That peace terms have been offered Great Britain by Germany may possibly be inferred from several significant statements given out on Friday. Lord Robert Cecile, British minister of blocked, asked if proposals "had been received for a peace at the expense of Russia," answered "that no such proposals are being considered or will be considered." A little earlier in the day an Amsterdam dispatch quoted Field Marshal von Hindenburg as saying "that the Entente has shown an unresponsive attitude toward Germany's peace intention and the great German offensive must therefore go on." Later in the day General von Ludendorff, the German quartermaster general, was reported as saying:

"Since the enemy is not inclined to make peace, he will have to fight, and this fight will, of course, be the most tremendous of the whole war."

General von Ludendorff continued: "We are stronger than the enemy as regards men, materials, aerial forces, tanks. Everything, in fact, of which he boasted, is standing in readiness on our side in the greatest abundance."

It is admitted that offers of peace have been made to Serbia by Austria-Hungary and Bulgaria, but it is stated that Serbia has absolutely refused to consider them.

Think Russians Ratify Peace.

The treaty of peace submitted by Germany to Russia at Brest-Litovsk, which makes Russia an outpost of the Central Empire, has either been ratified by the all-Russian congress of Soviets or its ratification apparently is imminent. Reports from Moscow are not clear on the situation, but it seems certain that the Bolshevik element has voted by a large majority to affirm the treaty. As this element dominates the congress, the hard terms will doubtless be accepted, notwithstanding reports that Trotzky, the mouthpiece of the Bolsheviki, is opposed to their provisions and is willing to try to reorganize the Russian army to fight the German invaders.

Holland stands in a perilous position, according to the German newspapers which are printing editorials, evidently inspired on the taking over of Dutch ships by the United States and Great Britain. "Drastic measures" are advocated if Holland "gives way" to the Allies.

The Allied maratime transport council, formed at the instance of the American mission to England and France, led by Colonel E. M. House, has held its first meeting and announces that it will organize Allied shipping so that tonnage may be used in the most effective manner.

French in Hot Fighting.

Spirited fighting is reported along the French front. In the Champagne and Lorraine sectors the French have won local successes. German official reports admit the loss of ground in Champagne before heavy forces of the French, who are apparently able to hold the ground they have gained.

Along the British front the artillery fire has grown in intensity in many sectors and there have been lively engagements between raiding parties.

The Canadians have carried out another raid southeast of Lens.

The Austrians report that Mount Pasubio, on the mountainous section of the Italian battle line has been blown up and that Austrian forces have occupied the ground. Mount Pasubio is east of Lake Garda and on the left side of a deep salient in the Italian line. Its position on the left bank of the Bacchiglione river may indicate the approach of a serious blow at the Italians there in the hope of opening a way into the Bacchiglione valley and turning the flank of the Italian armies garding the lower Piave.

Since the American forces have advanced and consolidated their lines in the Luneville sector, there have been no reports of unusual activity in the positions occupied by General Pershing's men.

DR. HILLER INTERNED AGAIN.

New York, March 15.—Dr. Frederick Hiller, who is said to have escaped from internment camps in India and Japan was sent today to Fort Oglethorpe, Ga., as a dangerous enemy alien.

Hiller, alias John Ferrari, was arrested at Lake Placid last January. He is said to have admitted that he used invisible ink to communicate with a brother in Germany for "personal business."

Railroads Can Increase Their Rates 15 Per Cent

Washington, D. C., March 15.—A general increase of about 15 per cent in commodity rates was granted today by the Interstate Commerce commission to railroads east of the Mississippi and north of the Ohio and Potomac rivers, supplementing a similar increase allowed last June in class rates.

The order applies only to articles shipped in large quantities, such as coal, brick, grain, foodstuffs, oil, stone, cement, lumber, and other staple products shipped under the "commodity" classification. The new rates will go into effect as soon as railroads file new tariffs, probably in a few weeks.

The action will add about $58,000,000 to the revenue of the eastern roads, although it will not actually increase their earnings, since the sum will revert to the government under the system of common operation, and railroads will be paid on the basis of a fixed compensation outlined in the railroad bill.

SOLDIERS' MAIL HELD BY NEEDLESS ARTICLES

Post Office Department Says Public Must Cooperate to Relieve Congestion

Washington, D. C., March 15.—Unnecessary articles sent by relatives and friends to American soldiers overseas are taking up so much transportation space, both in ships and on the congested French railroads that drastic curtailment of the parcel post privilege to the fighters in France will be necessary, unless the public co-operate in decreasing the volume of this class of mail.

The post office department in making this announcement tonight said a transport reaching France this month, carried besides 715,980 letters, 335,840 pieces of parcel post and newspapers, the whole taking up 12,000 cubic feet of space, although weighing only 121¼ tons. The parcels post packages and newspapers filled 19 French railroad cars and as cars are badly needed in France for war purposes, mail frequently has to wait at French ports for several days before means of transportation is available.

A 12 hour inspection of the contents of parcel post packages for the soldiers, the statement said, showed that two-thirds of the articles were on General Pershing's canteen list and sold to the soldiers practically at wholesale prices. Other articles found included a bouquet of flowers and a baby outfit as well as a bottle of whiskey, and other unmailable matters, such as matches and cigar lighters.

The question will have to be answered by the relatives of the soldiers," said the department's statement, "or it will be of military necessity be answered drastically by the authorities in France charged with the responsibility for the success of the war.

TO QUIZ THE STATE FOOD COMMISSION

Chairman John Mitchell Summoned to Give Account of His Stewardship

Albany, March 15.—The state food commission will be asked to give an account of its stewardship. Majority Leader Elon R. Brown of the senate and chairman of the sub-committee of the joint legislative war committee which has been investigating food production especially in reference to labor conditions tonight announced that he had summoned John Mitchell, chairman of the food commission, to appear before the sub-committee next Monday.

"I have asked Mr. Mitchell to bring with him some of the records of the commission showing what has been done in the way of increasing production and conserving food, was the primary object of its establishment," said Senator Brown.

"The principal object of the investigation," he continued, "will be to determine what the commission has done, what its policy has been and is going to be and what its expenditures have been, especially in regard to expenses of the commission. The commission has proposed to ask for another appropriation of a million dollars. The sub-committee also will investigate orders issued by the commission."

WILLARD WILL MEET FULTON.

Kansas City, Mo., March 15.—Jess Willard, heavyweight champion, and Fred Fulton of Rochester, Minn., aspirant to the title, will meet in the ring July 4, Col. J. C. Miller of Oklahoma, promoter, announced tonight. Col. Miller said that Fulton had been guaranteed $20,000 and that there would be a side bet of $5,000.

MISS WILSON TO GO OVER.

Cape May, N. J., March 15. — Miss Margaret Wilson, daughter of the President, announced at the Wissahicken barracks, naval reserve force, here today that she is going to France. She has been visiting at the cantonments and spent most of the week here.

OUR MEN OVER THERE ENJOY SPRING WEATHER

Man and Beast Air Themselves—Gratification Expressed on Baker's Visit

(By the Associated Press)

With the American army in France, Tuesday, March 12. — After weeks of rain, snow, wind and murky weather, there came to the American front today its first bath of genial spring sunshine. The skies were cloudless and in the moderate temperature that prevailed sweaters were discarded by the men for the first time since last summer, while in the villages where they are billeted and in the cantonments in the training area the camps were decorated with rolls of bedding being given an airing while men and horses basked in the sunshine in the streets and on the hillsides—a grateful experience after the winter's damp chill. Everywhere one could see equipment hung out to dry tent flaps and hut windows open and hospital patients breathing the sweet spring air. Meanwhile the transport work was being expedited by the rapidly drying roads.

In the training areas the fullest advantage was taken of the open weather, the officers crowding the men to renewed efforts to make them fit for front line service.

Under the sunshine and the still atmosphere airdromes all along the line spouted machines on trial or in practice.

The troops both in the front and in the training areas are on the tiptoe of expectation for the arrival of Secretary of War Baker, the presence of whom in France was announced in the Paris morning newspapers and took the whole army in France by surprise. Officers in villages in outlying points stopped the newspaper motors and asked for definite word when Mr. Baker will arrive. "The old man will find us ready to pass inspection," it was said.

In army circles there is general gratification over the coming of Mr. Baker in order that he may see at close hand what has been accomplished thus far in the face of obstacles of distance and especially the moral and physical condition of the troops so that he may carry home a personal knowledge of all complaints.

BANKER STILLMAN DEAD AT 68

Heart Disease Takes Famous Financier After Illness Lasting Several Months.

New York, March 15.—James Stillman, chairman of the board of the National City bank and one of the most famous bankers in the United States, died of heart disease late today at his home in this city. He had been in poor health for several months.

Mr. Stillman was born at Brownsville, Texas, in 1850, but his youth was spent at Hartford, Conn., and in a private school at Ossining. He began his business career in New York in 1871, as a partner in the cotton commission house of Smith, Woodward & Stillman and always retained his interest in the firm.

He was elected president of the National City bank in 1891 and continued in that position until 1909, when he was made chairman of the board. Mr. Stillman always has been deeply interested in France and had given liberally to her war charities since she was invaded by Germany.

For the part he took in floating bond issues during the Russo-Japanese war, he was decorated with the Order of the Rising Sun by the Emperor of Japan.

GERMAN CANNOT ENTER U. S.

Resident of Yonkers, After Travelling in South America, Is Refused Entrance to Home Country.

New York, March 15.—Permission to return to this country was refused by the immigration authorities today to Herbert Meisterknecht, 31 years old, of Yonkers, who was born in Germany, and says he receive first citizenship papers and an honorable discharge from the United States army.

Meisterknecht arrived from South America, where for the past two years he said he represented an American machinery company. He told the authorities he came to this country when 17 years old and had an American wife and four children in Yonkers. On the way to the United States from South America he asserted he was seized by the police at Panama and imprisoned six days, obtaining his freedom through the efforts of the American consul.

Pending the result of an appeal to Washington by Meisterknecht and his firm, he will be held at Ellis Island.

RUMANIAN CABINET HAS RESIGNED

State Department Gets Official Information—Movement to Form New Body Started.

Washington, D. C., March 15. — News of the resignation of the Rumanian cabinet, headed by M. Averescu, was contained in a dispatch to the state department from Jassy today. A new cabinet, the message said, will be formed by M. Merghimalon.

London, England, March 15. — A Reuter dispatch from Jassy, Rumania, says the cabinet of Maverscu has resigned.

SAYS GERMANY IS SUPERIOR

Ludendorff Declares Teutons Have More Men, Materials, Airplanes and Tanks Than Allies

GEDDES FEAR INVASION

Hindenburg, in Interview, States That Great Boche Offensive Must Go On

Amsterdam, Holland, March 15. — Germany is now stronger than her enemies in men, materials, and air forces, and in tanks as well, General von Ludendorff declared in an interview in the Cologne Volks Zeitung. The General said the enemy was welcome to attack and would find Germany ready and that if he was not inclined to make peace he would have to fight.

"Our front in the west is now much more favorable for us than it was last year," General von Ludendorff told the interviewer.

"How difficult the situation was must be gauged from the fact that we had to restore calm in the east and defeat Italy in the south, but now we are stronger than the enemy as regards men, material, aerial forces, tanks. Everything in fact of which he boasted is standing in readiness on our side in the greatest abundance.

"Enemy Will Find Us Ready."

"If the enemy wishes to attack now let him do so. He will find us ready. If the enemy does not want peace, he will have to fight and this fight will, of course, be the most tremendous of the whole war. With God's aid we will obtain a German peace, not a doubtful peace."

Bristol, England, March 14. — Sir Aukland Geddes, minister of the national service, speaking here yesterday, declared the disposition of the German army on the British front was most remarkable.

Germany May Strike at England.

"They have placed mass upon mass," he said, "and Germany's military object will be to strike at England. I have no doubt Germany will strike not only at our forces in France, but also if she can, at the heart of England. * * * * Men in enormous numbers are wanted, including men up to 50, to join for home defense."

Amsterdam, Holland, March 15.—According to news received here Field Marshal von Hindenburg has stated in an interview in Berlin that the Entente has shown an unresponsive attitude toward Germany's peace intentions and that the great German offensive therefore must go on.

Huns Prepare for Great Losses.

In well informed neutral quarters recently the Associated Press correspondent was told that the Germans were prepared to lose 300,000 men in an offensive operation.

The Verdun offensive of the Germans, in which they failed utterly to break the French line, has been established in conservative quarters as having cost them something like 500,000 men.

CHARGE ASSEMBLYMAN DECKER IS "SLACKER"

Say He Failed to Register For Draft—He Answers He Was National Guardsman

Jamaica, L. I., March 15.—Charges that Assemblyman L. Eugene Decker, Democrat of the fourth district of Queens county is a "slacker" were heard here today by a sub-committee of the assembly judiciary committee. The accusations against him were made by Joseph DeBragga, Republican leader of Queens.

DeBragga charged Decker with having failed to register for the draft last June and of claiming exemption in the state military census on the ground that he was married and was a member of the state legislature. DeBragga charged that Decker was married after the date of the draft registration and that the date when he claimed exemption in the census return as a legislator, he was not a member of the assembly but an assemblyman elect.

Decker told the committee that he did not intentionally try to evade the draft but believed he did not have to register because he was a member of the national guard reserves.

The committee which heard the charges consisted of Assemblyman Lewis M. Martin of Oneida; Walter McNabb of Schenectady; Harley J. Crane, of Syracuse; and William O'Hara of Ridgewood.

LIMIT EXPORT OF PORK.

Washington, D. C., March 15. — Realization of restrictions on the export of pork and pork products to Canada similar to that recently announced on such exports to the British West Indies, Central and South America, and West Africa, was announced today by the war trade board. Limited amounts of pork will be permitted to go to these countries under license.

GRANGE SURPLUS HELPS WIN WAR

Ohio Patrons of Husbandry Endorse Liberty Bonds as Best Investment on Earth.

"The state organization has invested every penny of its surplus in Liberty bonds," was the proud announcement of Louis J. Taber, master of the Ohio State Grange, last week. "Sub-granges should follow its example," he added.

"The next Liberty loan campaign," said Mr. Taber, "will afford the grange an exceptional opportunity to serve patriotically not only our order, but agriculture, the country and civilization at large. The motto of our State Grange is, 'A bond in every farm home in Ohio.'

"Nor should we stop there. Every patron and every farmer should be reached, for there is not a farmer in Ohio but can afford to buy at least one Liberty bond on the very easy terms offered. Every one should hold at least one bond. The farmer was not a heavy purchaser in either of the earlier drives. There were reasons justifying this condition then, but there is no adequate excuse for his failure to purchase now. I am confident the farmers will maintain the traditions of their patriotic forefathers by coming nobly to the financial rescue of their country. There is no better or safer investment on earth than a Liberty bond."

MULE BALKS AT LEMON PIE

Animal Devours Stock in Bakery Wagon, Except Citrus-Crusted Variety.

Greenwich, Conn.—Many prominent citizens of this community whose wealth permits them to indulge in pie were forced to go without their daily rations unless, perchance, it was lemon pie that they had ordered from Conklin's bakery. A plain, every-day mule, that hadn't been considered at all in the food administration's regulations, was responsible.

The mule furnishes the motive power for one of the delivery wagons of the Round Hill dairy. His driver left him in Greenwich avenue and went into a lunch room for a light breakfast.

The mule had a hunger, too, and it was accentuated by the aroma that he inhaled with the clear morning air. He pulled up to the rear of the bakery wagon. When the driver of that vehicle returned from making a delivery his stock of pies was reduced to the lemon variety. That mule has no appetite for the crust that conceals the citrus.

100 NAMES ON CASUALTY LIST

Comparatively Few Are Killed—Only 62 Names Made Public Because of Checking Delays.

Washington, D. C., March 15. — More than 100 names were contained in the casualty list cabled the war department today by General Pershing, but only 62 were made public tonight because of delays in checking. Altogether the list was the longest yet received from France in a single day, the number of men reported killed in action was comparatively small. The great majority of the names were of men slightly wounded.

The 62 names made public were divided as follows: Killed in action, 4; died of wounds, 3; died from accidents, 2; died of disease, 5; wounded severely, 4; wounded slightly, 42; wounded, 2.

The nearly 50 names withheld contain those of several men killed in action, but most of them were of men slightly wounded.

FIND BRAKEMAN'S BODY.

Mount Morris, March 15. — The body of Brakeman John Murray, who was buried in quicksand when a Pennsylvania locomotive and five freight cars ran into a washout on Monahan's crossing Thursday, was recovered late this afternoon. Although the locomotive had been tipped over far enough so that the wreckers could see under, the bodies of the fireman and engineer have not been recovered. Portions of overalls believd to have belonged to them have been found, however.

Notice.

We have at the present time a supply of very nice pea coal, and expect to supply this size coal on orders for the balance of the year. Platt & Howland. advt 3t

ANDERSON'S AUCTION

I will have a carload of native horses and a carload of western horses for my sale Friday, March 15.

Sale begins sharp 1 o'clock

PRIVATE SALES DAILY

William M. Anderson

166½ Main Street, Oneonta, N. Y.

FINANCIAL AND COMMERCIAL

New York Markets.

New York, March, 15.—Except for a few highly speculative issues, the stock list was under general restraint today, largely as a result of pressure exerted against railroad shares.

Canadian Pacific was the chief feature in this respect, recording an extreme loss of 4⅜ points in consequence of an order issued by the Dominion government which provides for special war taxes on the Company's earnings.

Reading and affiliated issues also relinquished some of their recent advances.

Bethlehem Crucible and Lackawanna steels were among the early active and strong stocks, together with American can, shippings, oils and leathers. United States steel in which dealings again dwindled perceptibly failed to make more than fractional headway, closing at a trivial net gain.

The activity of pools was most evident in Baldwin locomotive, Industrial Alcohol, Malting preferred, and Sumatra tobacco, where gains of 2 to 4 points were partly forfeited on realizing for profits. Coppers, New York air brake and minor miscellaneous issues yielding 1 to 3 points.

Trading in bonds were negligible, Liberty issues comprising the bulk of the offerings the second 4s falling under 96 for the first time in several weeks.

New York Produce.

OTSEGO COUNTY NEWS

IMPORTANT SCHENEVUS DEAL.

Mrs. Effie Clark Sells Hardware and Plumbing Business of Late Husband.

Schenevus, March 15. — A business transaction of considerable interest and importance was completed yesterday, when Mrs. Effie Clark sold the hardware business formerly conducted by her husband, the late W. A. Clark, to Valder Tipple of this village, and the plumbing business, which had also been conducted by Mr. Clark, to John S. VanHoesen.

The business which Mr. Tipple now has control of was established by D. W. Bush about 12 years ago and was sold to Mr. Clark a few years later. The plumbing business has up until the present time been conducted in connection with the hardware business and both have received good patronage. Both Mr. Tipple and Mr VanHoesen are well known here and need no introduction to the patrons of the store. Mr. Tipple having assisted Mr. Clark some during the past few years, and Mr. Van Hoesen being a skilled plumber and having been in Mr. Clark's employ for the past 12 years

George Brady Dead.

George A. Brady died at his home on South Hill, near this village, Thursday at 6 p. m. He had been ill only since Tuesday, and his death is a shock to his many friends, as he had been about as usual until that day. He was 38 years old, single, and the son of Thomas and Mary Brady, who resided with him and who, with five sisters, Mrs. E. M. Bliven of Buffalo, Mrs. E. Fitzpatrick, Mrs. E. Moran, Mrs. T. Walsh, all of Schenectady, and Miss Jennie Brady of Schenevus, survive. He was a hard working, prosperous young farmer and held the respect of all who knew him.

The funeral will be held Monday, at 10:30 a. m., from St. Mary's church, Schenevus, Rev. James A. Dasey officiating. Burial at Worcester.

St. Patrick's Day Festivities.

Remember the St. Patrick's day supper and danco at Chase & Bennett's hall, Saturday evening, under the auspices of the ladies of St. Mary's church. Supper at 5:30; dancing at 8:00 o'clock.

MT. VISION VISTAS.

Willard Gorton to Give Entertainment in Grange Hall Next Friday.

Mt. Vision, March 15. — Willard Gorton, an excellent impersonator, cartoonist and clay modeller, will give an entertainment in the Grange hall next Friday evening, under the auspices of the Methodist church. Admission, adults, 25 cents; children, 15 cents.

Miss Bissell Fractures Bone.

Miss Jennie Bissell fell on the walk Wednesday, breaking one bone above her ankle. Dr. Winsor of Laurens was called to attend her.

Mrs. Fowlston Returns from Hospital

Mrs. George Fowlston has returned from the Fox Memorial hospital, Oneonta, but is improving very slowly.

Points About People.

Mrs. Lina Shove left Thursday to spend a few days with Mrs. Amos Kniskern in Oneonta. — Mrs. Walter Bunn and little son went Sunday to Buffalo, where they are visiting her mother and brothers. — Mrs. Emma Richards of Hartwick visited at the home of Mrs. Helen Bissell Tuesday and Wednesday. — Mrs. Evelyn E. Holbrook of Cooperstown is the guest for a few days of her cousin, Elmer Field. — Rev. S. A. Terry, a former pastor of the Methodist Episcopal church here, was in town visiting friends on Monday. — M. Bresee of Hartwick was here Wednesday to see his granddaughter, Miss Jennie Bissell. — Mrs. Bert Pickens is spending a few days at the home of her daughter, Mrs. Stephen Winsor, near Cooperstown.

LAURENS NEWS LETTER.

Laurens, March 15. — Born, Thursday, March 14, a son, Francis Winsor Casey, to Mr. and Mrs. F. J. Casey. — Mr. and Mrs. Dave Woods of Utica are visiting Mrs. Clara Seeber. They were called here by the death of Mrs. Wood's uncle, Albert Seeber. — Olin Waters, who works for Ceylon Pensile, had the misfortune to have his foot badly crushed recently. This will disable him for some time. — Mrs. Alfred Johnson visited in Oneonta Thursday. — Mrs. Frank Houghtaling visited her mother, Mrs. VanAlstine, in Oneonta Tuesday. — The O. E. S. Social club met Wednesday evening with Mrs. A. J. Gates. A very enjoyable time was had by all present. Delicious refreshments were served. — Mr. VanDyke of Oneonta has purchased of Dr. Winsor his house on the corner of Civil and Craft streets. — Mr. and Mrs Kent Murphy, Harold Strong and Mrs. Mary Hurlburt were in Oneonta Friday. — Charles Taylor was at his home here Sunday. — The friends of Mrs C. W. Peaslie made her a post card shower Wednesday. — John Fay and son of Morris are visiting his parents, Mr and Mrs. Charles Fay.

SUSPEND TRACK CONSTRUCTION.

Orders Received at Worcester to Discontinue Work on D. & H.

Worcester, March 15.—Orders were received here this week that the construction of the new D. & H. track was temporarily suspended. How long, this order will be in force, no one seems to know, but the D. & H. engineer's office here is closed and will be vacated tomorrow. Worcester people regret this move and hope that work will be resumed when the weather conditions permit.

Brevities.

Born, March 11, to Mr. and Mrs Erwin B. Greuber of South Hill, a daughter.—Mr. and Mrs. W. H. Hill have moved from Cobleskill to this village and are occupying a suite of rooms at the Central hotel.—Frank Smith of Binghamton and, in his younger days a resident of East Worcester, was in town the first of this week and leased W. R Preston's house on Cook street, preparatory to moving here this spring or summer. —Howard Eggert of the Porter Brothers office, returned yesterday from a business trip to Norfolk, Va., where the company is doing a large construction for the government.—Cashier and Mrs. John D. Dalson are among those who this week are confined to their homes with mumps.—The Standard Oil company is planning to erect a large gasoline storage tank on the lot of John Colbeck, where the other oil tanks are located.

DELAWARE COUNTY NEWS

KAYSER EMPLOYES RETURN.

Compromise Reached Between Company and Sidney Help.

Sidney, March 15.—The strike of the employes of the Julius Kayser company in this village was of short duration and today arrangements were made by which the employes will resume work Monday morning. This was brought about as the result of several conferences which were held yesterday and this morning, at which were present three workers of the Amsterdam local of the Textile Workers' union, Paul Doty, chairman, Jack Griswold and Arthur Bishop, representing the weavers, winders and cutters, members of Union No. 1122, of Sidney, and representatives of the Kayser company. The Kayser company held out in its refusal to recognize the union, but conceded the right of the men to organize and will meet their committees.

Buy W. S. S. Quick.

Sidney is doing well in the sale of Thrift stamps and War Saving certificates. Sales at the Sidney post office yesterday amounted to $196.44. During February the sales amounted to $9,265.76, and the total since the stamps were first put on the market amounts to $9,265.76, exclusive of March sales. Postmaster Bartley expects this month to be a record breaker.

Mrs. Cuyle Exonerated.

Monday afternoon, Mrs. A. E. Cuyle, a well-known Sidney woman, was placed under arrest by Officer Dickinson on a warrant charging here with petty larceny, in that she had solicited articles of furniture and money to be given to the family of Bert Castle, whose home near this village was recently destroyed with its contents. The charge was made by Humane Officer Charles Phelps. Mrs. Cuyle was taken before Justice Seeley and demanded a trial by jury. This was granted and the hearing was held this afternoon. She was represented by Attorney R. W. France and H. C. Kibbe was the attorney for the people. After a brief but decidedly interesting trial the jury brought in a verdict of not guilty. The charge alleged that Mrs. Cuyle, after receiving various articles had disposed of them to her advantage, but this could not be proven.

American University Club.

The meeting of the American University club nexxt Tuesday will be held at the home of Mrs. Earl Case on Grand street. The hostesses will be Mrs. Case and Mrs. F. A. Elliott. Musical selections will be given and war topics will be discussed. As the result of the Community teas given one day recently, the committee reports $90 taken in for the benefit of the Red Cross.

O. E. S. Official Visit.

Tuesday, March 26, District Deputy Grand Matron Mrs. Margaret K. Wheeler of Hancock will make her official visit to Sidney chapter of the Eastern Star. She will be accompanied by Assistant Grand Lecturer Albert Kingsbury of Walton. An invitation has been extended Most Worthy Grand Matron Mae Young Smith of Binghamton to be present. An informal reception will be held at the lodge rooms from 5:30 to 6:30. A banquet will be served at the Congregational church dining room beginning at 6:30 o'clock

Short and Breezy.

Mrs. R. H. Loomis, whose husband, Dr. R. H. Loomis, is at the battle front in France, expects to leave about April 1, to visit her parents at Rockford, Ill.—Mrs Vernon Lyon of Chicago has been visiting her parents, Mr. and Mrs M. D. Bennett. Mr. and Mrs. Bennett left Wednesday for Miami, Fla., to visit their son, Joseph, an aviation instructor with the Curtis Airplane company. — C. E. Seeley, who has had charge of the McKinney company store since it was established in Sidney, has accepted the position of field representative for the company in this territory. His place at the store has been taken by Cecil Parker.—Carl White has gone to Earlville, where he has taken a position in the offices of the Moses company — Miss Grace Copley, a teacher in the Endicott school and who has been suffering from a severe attack of scarlet fever, is still seriously ill from complications following the disease.

It's good: Good for you and your family. It has a fine flavor. Your palate will confirm our statement. On sale where the coffee cranks buy their coffee. Order a pound of Otsego coffee from your grocer. advt tf

Wanted—Storage batteries to store for winter, repair or charge. The "Right" garage. advt tf

CASCARETS FOR BOWELS, STOMACH, HEADACHE, COLDS

Clean your liver and constipated bowels to-night and feel fine.

Get a 10-cent box now.

Are you keeping your liver, stomach and bowels clean, pure and fresh with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the constipated waste matter and poison in the bowels.

No odds how sick, headachy, bilious and constipated you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a gentle cleansing, too.

Demonstration For Saturday
OYSTERO
(OYSTER BROTH POWDER)

OYSTERO is a concentrated oyster powder for preparing oyster broth: it is made from fresh, clean, whole oysters by a vacuum process. The oysters are evaporated and bottled the same day they are drawn from the sea. The plant in which OYSTERO is made is a model of cleanliness.

OYSTERO is the entire oyster from which only the water has been evaporated—nothing has been added. As OYSTERO contains no preservative, is is preferable that the entire contents of the bottle should be used at one serving.

A delicious oyster stew can be quickly prepared from OYSTERO by sprinkling the contents of a bottle into a pint of milk, seasoning with pepper, salt, and butter and boiling for two minutes.

Made at home and carried in a vacuum bottle for the school lunch, or outing, served to the unexpected guest, or as an impromptu meal after theatre or dance, OYSTERO provides delightful refreshments at a minimum expenditure of time, trouble and expense.

A cup of nourishing and appetizing broth for both patient and nurse can be made from one bottle of OYSTERO.

In camp, at the mountains, at home or abroad, anywhere that milk is obtainable, OYSTERO will instantly make possible a real oyster broth at any seanson. Heretofore those living inland have been denied oysters as these cannot be readily shipped and yet retain their flavor and freshness, but in OYSTERO they can secure this wonderful sea product in freshest form, direct from Tide-water Virginia

Aside from its use in making oyster broth, OYSTERO can be used to advantage in preparing scalloped oysters, dressing for poultry, oyster soup and many other dishes, as the intelligent cook will readily discover with a little experimenting.

OYSTERO broth is so conveniently prepared that clubs, restaurants, dining cars and quick-lunch rooms can use it to great advantage. Put up in cartons of three bottles, each sufficient to make a pint of oyster broth.

Price per carton, 25 cents, $2.75 per dozen.

Next Monday

New Delivery System Becomes Effective.

Five cents for each Delivery---only two deliveries each day.

Goods will be reduced. We ask your cooperation in this war measure.

LOCAL EDITORIAL MENTION.

Making Your Statement.

From news items appearing in exchanges it would appear that the added month for the filing of income tax statements has not resulted in speeding up matters to any great extent. On the other hand it is stated that the work has merely been delayed as long as possible, and that only as the extended period turns into its third week are there any large numbers of statements coming in.

Whether this is true in Oneonta there is no definite means of knowing. It is probable, however, that it is true, and that there are still many persons who are delaying their statements. If this is so the suggestion is in order that the statements should be made at once, thus giving ample time for correction should the government find errors, as often there may be, and so send the papers back. Also there is no reason to expect further postponement. The end of the present month will strike the last hour of possible delay; and what must be done so soon might better be done at once.

The New Departure.

The new 'cash and carry" departure on the part of Oneonta grocers, which on Monday goes into effect, will be watched with interest by our citizens. For a long time the fact had been realized that a great deal of money was being paid out by retailers for delivering packages which the purchasers might just as well carry. There have been horses and wagons, or delivery autors, to maintain, there have been many extra employes required, there has been depreciation of rigs—in itself a very considerable thing—to account for. And all these things, if the dealer was to make a living profit, had to be paid for by charging an extra figure to the consumer.

Under the new plan the purchaser who takes his packages home with him get the benefit of the reduced price at which goods will be sold. If for his personal convenience he wishes it delivered he will pay a reasonable sum for the service.

The new plan is really for the benefit of the purchaser. The merchants are asking nothing unreasonable, therefeare, when they request their patrons to give it a fair trial.

Various Improvements.

As previously has been noted in this column, there are many civic improvements, just as there are many which a citizen might desire to make on his individual property or estate, which in times like the present may very well be left over to another year. New and costly municipal or even school buildings are of this sort, street paving in cities and permanent highway buildings in the country districts. They are things which in a certain sense are needed, but they can be left over to a more auspicious season.

But if the cellar wall under a man's house caves in or the roof blows off from his barn the indicated repairs can not wait. They must be done at once, lest other and greater damage follows in the trail of that already done.

Of like sort, many believe, is the improvement to the bed and banks of Silver Creek, which only the favor of the elements has on several occasions prevented from doing a vast deal more damage than actually followed the recent floods. If new work of any sort is to be done on Oneonta streets, this season, they believe it should be in connection with Silver Creek; and they are probably right in their contention.

The Crop Campaign.

It is doubtful if anybody in Oneonta would be able to estimate in the thousand of dollars the value of the garden crops raised last summer in the back yards of Oneonta, in vacant lots or by patriotic citizens on plots rented outside and tilled to the advantage. But of one thing at least they can be assured—that every dollar's worth of extra crops so raised went in the end toward fighting the Kaiser, since just to that extent the things grown at home relieved the general markets from the burden of furnishing food for local consumption.

The same conditions apply this season. There will be as great or greater demand for American products over seas, and so just as much or more reason why every bit of spare ground should be utilized. And so it is time for every loyal citizen to begin prospecting and planning in order that his 1918 garden may even surpass the excellent one of 1917.

It is no excuse for anybody to say that he can afford to buy what he needs. What by his own labor he, being able, does not do, is absolutely lost to the world. Work your own garden, therefore, even if your have the money to hire it done. By so doing you release labor in other fields where there will be a demand which can not be supplied; and if you save money which otherwise you would have paid out, you can ease your conscience by investing it in Thirft or War Saving stamps or Liberty bonds

TOPICS OF THE PRESS

Big Head But Little in It.

The young New York slacker who went to camp with loud threats of what he was going to do showed what he was when each day his first inquiry was as to what the newspapers were saying about him. Big head and little in it.—[Hartford Courant.

Such Hopeful Possibilities.

Yet there people in this country and in England who still talk about the hopeful possibilities of a peace of accommendation with the military autocracy which has just brutally sheared Rumania.—[New York Tribune.

Otsego is Doing It.

Chief Inspector George McLaughlin of the State Prison commission is out with a practical suggestion for the Rensselaer county jail. It is to set the inmates at farming this summer, so that they may raise food as well as consume it, and have a useful share in the general work of providing for the hunger of the people.—[Troy Times.

Her Second Husband.

Irvin Cobb recently told at a banquet in London the story of a colored woman whose husband had been knocked down by a train and rendered a total loss. The widow went for the railroad company and succeeded in getting $500, which was more money than she had ever possessed in her life. "And what?" asked a lady friend "are you going to do with all that money, Caroline?" "Don't know," replied the new made widow, "that I'll do anything first spell; but if ever I do marry again, my second husband's gwin t' be a railroad man."

Air Raids.

The Germans will go far to drop bombs on a residential district or on a hospital. In raiding Naples, 250 miles from the nearest enemy territory, the bombers traveled at least 500 miles as the bird flies. The 20 bombs dropped killed seven occupants of the hospital of the Little Sisters, among other victims.

There is one satisfaction about these raids. The Allies are returning them with interest, making a specialty, however, not of hospitals and civilians, but of the war establishment of the enemy. The explosives dropped in Germany every week are measured by tons. Coblenz, a fortified city on the Rhine, was given a heavy dose this week.—[Utica Observer.

Friendly Advice.

A man had taken into his confidence an intimate friend touching a most important moment of his life.

"I can," said he to his friend, "marry a rich girl, whom I do not care for, or a penniless girl, whom I love dearly. I am in great doubt. Which shall I do?"

"Follow the dictates of your heart, old man," was the prompt response, "and be happy. Marry the poor girl. And say—er—would you mind introducing me to the other?"—[Everybody's Magazine.

Wise Mable.

Louise, nine years old, asked her mother:

"Where is papa going?"

"To a stag party," she replied.

"What is a stag party, mamma?"

Sister Mable, seven years old, who had been listening, with a dignified attitude of superior wisdom answered instantly: "It's where they stagger Don't you know?"—[Pittsburg Sun.

German Civilization.

The Berlin Tageszeitung says: "If we are in a position to destroy the whole of London, it would be more humane to do so than to allow one more German to bleed to death on the battlefield." Great is Kultur, and greater even than Kultur is the Tageszeitung as an exponent of German civilization.—[New York World.

Henry the Ford.

We have joy in the new spirit that breathes in the Land of Ford. The pacifist has turned to a new and more enduring crusade—that is, to root out Junkerism from the world. And he is making tractors by the tralaful t. do it and soon hope to have 100,000 men on the job.

"With Northcliffe and the tractors," he says, "Junkerism faces death. In England vast estates will be a thing of the past."

We like the new Henry and his new press agent. We hope for the new tractor the boundless success of its cousin Lizzie, and trust that its power for extirpating Junkerism will be somewhat greater than that of a noble English lord.—[New York Tribune.

Will Soon Stamp Out Rebellion.

Army discipline is founded on enforcement of obedience; disobedience meets quick and severe punishment. Such action as was taken against the Socialist mutineers at Camp Dodge will soon stamp out rebellion in army ranks. It will help the nation's efficiency when the sharp line of cleavage is made by our civil courts as by our army courts-martials, when infractions of the law are curbed by quick court action and by punishment that asserts in unmistakable terms the nation's will to have its laws obeyed. On the issue of disobedience to the law there is no place for pleas of extenuation because of beliefs, sympathies or lack of thought. Our army at the front will be no stronger than the power of the law at home.—[Rochester Post Express.

Kilmer Declines to Be Candidate.

Willis Sharpe Kilmer of Binghamton, whose name had been mentioned as a possible candidate for the Republican nomination for congress in this district, has issued a statement in which he formally declines to take part in the race. In his statement Mr. Kilmer says that he has "planned to do his bit for the nation through the Red Cross," and that he is not to be diverted from his original plan.

Weeding Out the Unfit By Means of Psychological Tests

ARMY MENTAL TEST ©Committee on Public Information. Supplied by I N S

An army recruiting officer testing the mentality of a negro applicant by means of cutout blocks. The applicant must place the blocks in their proper place within a specified time. He is then rated for [illegible] and speed. This and similar tests are in use by army officials in determining the mental ability and temperament of the men. (Readers of this newspaper who wish a photographic copy of this picture may obtain it by sending ten cents to the Division of Pictures, Committee on Public Information, Washington, D. C. Enclose this clipping.)

UNADILLA OVER THE TOP

SECURES $2,500 FOR SUPPORT OF RED CROSS AT PATRIOTIC RALLY.

Captain Bealey of Royal Flying Corps With Experience on Western Front and Rev. E. A. Martin of Oneonta the Speakers—More Raised Than Needed.

Unadilla's Red Cross fund went "over the top" with several hundred dollars in excess of the amount asked for at a patriotic rally held at the assembly hall of the High school building in that village last evening. The society found itself in need of $2,500 for the work of the year and Charles S. Sweet, one of the public spirited residents, offered to donate $500 provided the village raised the $2,000 within two weeks. The challenge was promptly accepted. Last evening a Red Cross rally was announced, at which it was hoped to secure the required amount. Previously the fund had by private subscriptions reached $900 and the rally was designed to bring the sum needed.

The hall was crowded to overflowing and the gathering was the most enthusiastic and patriotic assemblage the village has witnessed since the opening of the war. Hon. Charles C. Flaesch presided and introduced the two speakers, Captain Bealey, who recently returned from the western front was the stellar attraction. He is a native of Washington, D. C., who early in the war went across and enlisted in the English infantry, fighting at Ypres and in Belgium. He was injured by an exploding shell and after recuperating in England he joined the Royal Flying corps and did active service in Belgium. He and his machine fell and for seven months he was paralyzed. He left the hospital only a few weeks since and came to this country, and is one of the Four Minute Men of the men from the front section speaking largely in New York city. He gave a graphic and intensely interesting story of the work of the airmen with the army and made a strong appeal for support of the men at the front through the Red Cross.

Rev. E. A. Martin, district superintendent, of Oneonta, was the other speaker and he made an eloquent address. He told of the heroic work of Florence Nightingale, Clara Barton and other heroines and asked for enthusiastic support of the Red Cross. His remarks were most effective. The music for the evening was furnished by a male chorus directed by Joseph W. Moore of Sidney.

Mr. Flaesch did the auctioneering of spaces on the blackboard. First he asked for four who would with himself give $100 each and Frank J. VanCott, John M. Hopkins, M. W. York and Cornie C. Moore accepted his proposal, assuring $500. Those who agreed to give five dollars monthly were numerous and considerable more than was asked was secured.

The success of the effort was very encouraging to the workers and all citizens were elated with the success that attended the project. All expressed themselves as much indebted to Mr. Sweet for his generous offer.

A SUCCESSFUL CAMPAIGN.

T. L. Muir of Andes Secures 70 "Trail Hitters" at North Blenheim.

North Blenheim, March 15. — The T. LeRoy Muir evangelistic campaign here is proving to be most successful. Thus far over 70 people have "hit the trail," and the campaign is but half over. People are attending from miles around here. Mr. Muir is a Hamilton college graduate. His permanent home is at Andes. Crowds have been listening to him all the year.

Assisting him in the music is Miss Carolyn A. Hosford of Springfield, Mass., who has a contralto voice of great power and range and who is recognized as a singer of repute in Canada and the west. The Blenheim Township campaign will close Sunday, March 24.

The Cheapest Saving.

We can all afford to save daylight; that is the cheapest and easiest saving of all.—[Watertown Times.

THREE FIRES IN 80 HOURS.

Norwich Suffers Serious Damage from Trio of Fires This Week.

Three fires in 80 hours is the record of loss which Norwich has made during the present week. Two of them were serious conflagrations, and though the other was not so important, the total of the loss mounted well above $100,000.

The first fire, previously noted in The Star, was that which on Sunday afternoon destroyed a large part of the Colonia theatre, which is one of the finest amusement houses in Central New York. The total loss by this fire is estimated at about $75,000.

The second fire was early Tuesday morning. By it a dwelling house on Lackawanna avenue owned by Mrs. Osmos Randall, was burned with an approximate loss of $1,500.

The third fire broke out early Thursday morning in the block owned by F. J. Schorn on South Broad street. How the fire started is not known, but residents in the vicinity say that they heard an explosion just before the fire alarm was sounded. The total loss is believed to have been nearly as great as that in the fire of Sunday. Though a stubborn blaze, the firemen put up a good fight and succeeded in confining it to the block where it originated.

RONAN BROS.

Women's and Misses' Outer Apparel in All Their New Beauty Greet the Spring Season

An excellent collection of Spring Coats, Suits and Dresses in plain models, belted styles, with smart patch pockets; tailored models without any trimming; plaited, flaring and semi-belted effects.

WOMEN'S AND MISSES' SPRING SUITS AT $19.75

Suits with box-plaited or side-plaited peplums and button trimmed; in sizes 16 to 44.

WOMEN'S AND MISSES' SPRING SUITS AT $25.00

Suits with charming new Silk Over-collars in pretty plain colors, navy blue, Sammy and Poilu; sizes 16 to 44.

WOMEN'S AND MISSES' SPRING COATS at $12.50

Made of Poplin and Mannish Serge in black, navy, peacock, tan and gray; belted all around; large pockets trimmed with buttons.

WOMEN'S AND MISSES' SPRING COATS AT $19.75

Made of Poplin; navy, black, Pekin blue and tan. Large collar, trimmed with Silk; belt fastened with buckle in front; shaped pocket trimmed with buttons.

WOMEN'S AND MISSES' NEW SERGE DRESSES $15 TO $22.50

Spring models with fitted and draped bodices and straight and pointed tunics. In black and navy blue, tan and green, with dainty silk collars.

WOMEN IN DOUBT ABOUT COATS

Women in doubt as to whether they need coats for the remainder of the winter should consider for a moment probable conditions next season. Not only will prices be higher because of increasing scarcity of wool, and higher cost of manufacture, but the materials will probably not contain the same proportion of wool (owing to government requirements) nor may the styles be so desirable; the need of conservation being still greater then. Buy now and save doubly.

$15.00 and $17.50 Coats reduced to $10.00
$27.50 and $32.50 Coats reduced to $21.75
$15.00 and $17.50 Suits reduced to $9.50
$19.75 and $22.50 Suits reduced to $13.75

LOCAL MENTION.

—There was a good attendance last evening at the supper served by the ladies of the West End Baptist church. An excellent supper was served and the proceeds amounted to $26. A pop corn sale by the young people netted $3.00.

—After men worked most of Thursday night repairing the pumping engines of the Delaware and Hudson that draw water from the Susquehanna for use in the boilers of the generating plan of the shops, the plant was in full operation yesterday. Comparatively little inconvenience was caused the workers.

GOES INTO EFFECT MONDAY.

Sixteen Grocers of City Unite on "Cash and Carry System."

Next Monday the 16 grocers whose names have appeared to several important statements published in The Star during the last week, will begin the new system of merchandising.

Many people have been practicing the custom of carrying their goods home with them, and it is confidently expected that when a charge of five cents is made for delivery service, the merchants will be able to curtail this important task.

The system that will become effective next week has been tried out in many cities and in the west and middle west the results have been successful. The public seems to be in such a frame of mind that it is willing to co-operate everywhere possible toward conservation and the government is asking every retailer to reduce deliveries whenever possible.

Eventually the co-operative plan of delivery will be established, whether voluntarily on the part of the merchants, or by request of the government. The future holds many reforms in store for this much abused custom of conducting retail stores.

A Report Worth Reading.

The excellent report of the Wilber National bank appears in another column and is worth your reading. The confidence of the general as well as the official public in this institution is reflected in its large and increasing volume of business. This bank is one of the most important United States depositories in this section and transacts much federal government business daily. The treasurer of the state of New York has very recently added materially to his deposits in this bank, which is now official depository of the United States, state of New York, county of Otsego and city of Oneonta. This bank welcomes the small depositor as well as the large one.

The Charity Ball.

The Philharmonic orchestra, led by Prof. Gardner, has consented to give one of its popular concerts during the evening of April first at the armory, which will be followed by the dance for the benefit of the K. of C. war fund. It has been decided to charge 50 cents admission fee, which will entitle the holder of ribbons to both the concert and dance. Ribbons are being sold instead of the usual ticket. Every one to be admitted to the armory must have a ribbon. A flying squadron is being organized to sell ribbons during Easter week and anyone seen without one will surely get caught. Wear your ribbon and by so doing assist in the great war work of the K of C.

Meeetings Today.

Every member of the choir of the United Presbyterian church is earnestly requested to be present at the church this evening at 7:30 o'clock to practice Easter music.

The Kindergarten department of the Sunday school of the Methodist Episcopal church will meet at the church for rehearsal this afternoon at 1:30 o'clock.

Girl Scouts, Attention.

The Girl Scouts will meet in the Kindergarten room of the Academy street school this afternoon at 4:15. Every member is urged to be present as business of importance is to be transacted. Come prepared for an hour's hike.

Meeting Sunday.

Regular meeting Chapman division, No. 45. O. R. C., Sunday at 2:30 p. m. Secretary.

The Missionary societies of the First Baptist church will serve a supper in the church dining room tonight from 5 o'clock until all are served. Menu:

Hoover Stew With Saltines
Deviled Eggs

Brown Bread	White Bread
Pickles	Olives
Fruit Jello	Cake
Tea	Coffee

Price of supper 25 cents

A social will be held in the afternoon in the church parlors to which all ladies are invited. Come prepared to do Red Cross work. advt. 1t

Bake Sale This Afternoon.

FOR EXAMINATION WEDNESDAY

Number of Men Will Go to Binghamton Tuesday to Appear Before Medical Advisory Board There.

The following men are called for examination by the Local Board Wednesday afternoon, March 20: James V. Harmon, Ralph Stillaito, James E. More, Patrick Mulraney, Guiseppe Morfio, Elmer C. Packer, Arthur L. Foran, Wheeler O. Brannaman, Charles H. Judge, Fred Steitel, Harley A. Moffat, James A. Merrill, Walter L. Irish, Louis Vordermark, Claude B. Gurney, John H. Westfall, Remigilio Tagliaferro, James K. Hawkins, Joseph A. McCarthy, George Bradley, Kazmic Tinkeirtz, Harold E. Alger, Paul Loudon, Leslie H. Fuller, Fred L. Hawkins, Nial J. Everett, Russell L. Alger, Joe DeLillo, Joseph A. Flannery, Ernest W. Bolton.

An appointment has been made by the Local Board with the Medical Advisory Board at Binghamton for 2 p. m. Tuesday, March 19, for further examination of the following list of registrants referred to it. They will report for instructions at the office of the Local Board at 9 o'clock that morning and will proceed to Binghamton at 10:35. Their expenses from Oneonta to Binghamton and return will be paid by the government.

The men who will go are: Claud H. Whiting, Lester Banner, Frederick A. Myers, Charles Odell, Leon Rifenburg, William G. Cross, Henry J. Carley, George A. Munson, George Vargello, Mike W. Cummings, John J. Chase, George R. Scott, Elmer D. Cady, James L. Langdon, Edward Oliver, Scott A. Olmstead, James L. Compton, Michel George, Arthur C. Terrell, Harley M. Houghton, Roland G. Hathaway, Paul Lucas, Earl M. DeForest, Floyd E. Misner, Edward W. Waters, Bianca Fraunesco, Otto Snyder, Frank Comstock, Gilbert Chapman, Frank Kelley, Archie Oakley, Percy Bourne, Paul H. C. Jobs, Harold M. Graham, Glenn A. Oles, Fay B. Hopkins, Urban Brunn.

HELEN VARICK BOSWELL.

To Lecture in Oneonta Next Tuesday Evening on Industrial Conservation.

Oneonta has already been favored in the number and the quality of the war propaganda entertainments and lectures. Now we are to be honored by a visit from the woman whose name is the title to these paragraphs.

Miss Boswell is lecturer, author and representative of the National Industrial Conservation movement. During the Taft administration she was sent to Panama by the president to investigate social and industrial conditions in the canal zone. This is but one of many similar lines of activity in which Miss Boswell has labored in the spirit of philanthropy. By profession a lawyer, her legal training has been devoted to great public movements. It is this equipment of training and experience that she brings to the present urgent need of the country—industrial conservation.

As chairman of the Industrial and Social Conditions department of the Commitee on Political Science of the General Federation of Women's Clubs, she comes with a full knowledge of woman's opportunity in industrial conservation and that will be her theme.

The date of her lecture is Tuesday evening, March 19. The place, the Municipal hall. The lecture is open to the public and is made possible through the efforts of the lecture committee of the Woman's club of our city.

All patriotic citizens, and there are no others in our city, will make every effort to avail themselves of this opportunity to learn how all can further the best interests of our country.

Chamber of Commerce in New Rooms

The Chamber of Commerce expects to be in its new quarters in the Doyle block over Colburn's store early this morning. There may be some delay in telephone connection, but by noon it is expected the office will be in position to do business and answer inquries.

It's Easier to Whine and Grumble

Than it is to think and find out how a way is provided for people of Otsego and Delaware counties to safely place small monthly amounts of one dollar or more and earn 6 per cent interest, compounded 12 times each year, and how this system makes rent money pay for a home or farm or pay off a mortgage—on same at the low resultant interest rate of three and three-fourths per cent. For 29 years this has been done to the amount of hundreds of thousands of dollars and two million more is now fast being accumulated through the safe 6 per cent compound interest system of the Oneonta Building and Loan association, which is protected by state laws, same as savings banks. If people would think and use it there would be less need for poor houses and higher taxes. What a queer old world. advt 1t

Christian Science Lecture.

The mission of the Christian Science Board of Lectureship in Boston, Mass., is to give to the world a true statement of the teachings of Christian Science and in doing so to correct the many misunderstood and mistaken ideas in regard to it. A cordial invitation is extended to all to attend a lecture by a member of this Board of Lectureship, William D. Kilpatrick, C. S., in Municipal hall Monday evening next at 8 o'clock. Admission free. advt 1t

Columbia Records.

SELL MANY SALADS

Up to Last Evening Girls of Grades Secured Orders for 110 Portions, a Gross Proceeds of $11.85; More Expected—Progress of Educational Work.

The sale of salads by the girls of the grades of the Academy street school up to the close of the Red Cross headquarters last night amounted to 110 portions. This will mean gross proceeds of $11.85. More orders are expected to be received today. A number of the orders were for six portion lots.

A number of the young girls busied themselves for several hours yesterday afternoon in the domestic science rooms of the school getting the condiments ready for the salads which are to be made this morning for delivery by noon. So interested were they that it was difficult to send them home when it neared 6 o'clock.

Following an editorial by President Wilson which appeared in the February issue of the Red Cross magazine urging that the periodical be used in the public schools for extending American ideals of humanity and democracy, every school of this city except Center street has become a subscriber to the monthly. This is also in accordance with a recent decision of the officials of the Junior Red Cross to educate the children in the knowledge of what the Organization of Mercy is doing for the people throughout the world.

So many shawls are being made for French and Belgian refugees, and allotted to the Junior Red Cross auxiliaries, that it has been recommended by the American Red Cross that it is not necessary to use new wool in their making. The shawls are crocheted of dark-colored material. It is suggested that wool stored away in people's attics can be collected, sorted, and if necessary, cleaned and dyed to make the shawls. Or, failing wool, the shawls may be made of any warm, dark-colored material. The measurement is approximately one and a quarter yards with hem.

Yesterday eight hanks of yarn for making wristlets were given out at the Academy street school. The grades here have recently made three mufflers, one sweater, and a pair of wristlets.

Seventy Normal girls, working in the surgical dressings room in the Munn block yesterday afternoon and evening, made 735 small compresses, 113 strips and 83 sponges.

ONEONTA TRACTOR SCHOOL.

Fifty Students Expected to Be in Attendance Monday.

Mr. Barlow, secretary of Otsego County Farm bureau, advises that he expects at least 60 students in attendance at the Tractor school at the armory in Oneonta next Monday.

There will be six different tractors on exhibition, which will be taken apart, analyzed and explained by competent instructors.

Each day a specific line of work will be taken up and by the end of the week those who attend will have an excellent idea of the operation of this coming giant on the farm.

Mr. Barlow will be in attendance at the armory next Monday morning when the students arrive and give every assistance possible to the state officials and the students as well during the week's engagement in Oneonta.

The food commission, under whose direction the tractor school is being conducted, advertises that no spectators will be allowed.

So many have signified their intention of attending the school that it was found yesterday not enough rooms had been engaged to lodge them during their stay in the city. Secretary Charles W. Westervelt of the Chamber of Commerce issues a request for offers of places. It is suggested that interested parties get into telephonic communication with him some time today.

PERSONALS.

A. D. Ogden of Schenectady was a business visitor in the city yesterday.

Charles F. Parmer esq. left last evening for Albany, on professional business.

Dr. George J. Dann, who has been suffering from an attack of the grip, is recovering.

Miss Faith Barry of Cooperstown is the guest for the week-end of relatives in Oneonta.

Mrs. William Streeter of Albany returned home yesterday after a few days' sojourn in Albany.

F. W. Millard of Mentor, Ohio, arrived in the city last evening and is a guest at The Oneonta.

Mrs. George J. Dann and daughter, Katherine, are spending the week-end with friends in Cobleskill.

Mrs. L. B. Hotaling and children of 2 Rose avenue are spending a week with friends in Binghamton.

Florence, the three-year-old daughter of Mr. and Mrs. Irving Stevens of this city, is ill with pneumonia.

Mr. and Mrs. C. M. Quades and son, Kenneth, of 5 West Broadway, spent Friday with friends in Binghamton.

Mr. and Mrs. Edward Clark of Binghamton, who had been visiting Oneonta friends, returned home yesterday.

Mrs. W. F. Eggleston was in Binghamton yesterday, attending the funeral of a cousin, Miss Hattie Hall of that city.

Mr. and Mrs. Charles Franklin and daughter of Scranton, Pa., returned home Friday after a visit with friends in Oneonta.

Jackson Fenner, principal of the Susan Cooper school of Cooperstown, is a guest at the residence of Mr. and Mrs. M. C. Hemstreet, 19 Walnut street.

Mr. and Mrs. Eli Rose, who had been guests for a few days of Miss Helen Baker in this city, returned yesterday to their home in Central Bridge.

George A. Roberts of Middletown, who had been in Oneonta for a day or two on business in connection with the Oneonta theatre, returned home yesterday morning.

NAVAL RESERVE CAMPAIGNS.

Plenty of Opportunity for Promotion, Good Pay and Many Adventures.

The Naval Reserve force needs 1,000 recruits at once to be enrolled as seamen for the period of the war. They are to be sent to Pelham for training and as this is the finest training camp in America, the opportunity should not be missed.

Lieutenant Joseph F. Wright, U. S. N. R. F., quotes a description of the advantages of such services recently given by Commander John Grady, U. S. N., as follows:

"The life of a sailor, with its adventures, ever-changing scenes, new countries, new people has appealed strongly to the imagination of men of spirit.

"Any American citizen who thinks of enrolling in the Naval Reserve may feel sure that, on enrolling, he will enter a service in which he may and should feel a justifiable pride, and of which the uniform is a badge of honor.

"This branch of the service offers a livelihood and good practical training, opportunity for promotion and provision for old age. In addition to clothing outfits, good food and keep, the seaman is well paid.

"If in the draft, go to your Local Board and they will give you a letter permitting enrollment in the Naval Reserve. All enrolling offices of the navy throughout the United States will accept applicants, including the regular enrolling offices at No. 115 Flatbush avenue, Brooklyn; No. 34 East Twenty-third street, the U. S. S. "Recruit," in Union Square; No. 225 West Forty-second street, and No. 51 Chambers street, New York."

NAVY NEEDS MORE EYES.

Two Glasses Received by Postmaster Here But Many Others Are Needed.

In response to appeals by the government made through the press of the nation and by circulars for field and spy glasses, Postmaster Charles Beams of this city states that he has received a small telescope and another glass, which have been forwarded for use by the navy. It is believed that there are other people in the city and surrounding towns who can easily spare their instruments.

The government must have 60,000 of these glasses at once to use in the navy. It is not asked that the public give their property to the navy, only that they loan them for the duration of the war. The postmaster has charge of the matter in Oneonta.

The responses in other cities are bringing excellent results.

UNCLE TOM HERE MONDAY.

Big Scenic Revival of Famous Story—Special Children's Matinee.

Kibble's mammoth scenic and spectacular revival of the great and everlasting celebrated masterpiece of Harriet Beecher Stowe, entitled "Uncle Tom's Cabin," will be given at the Theatre Oneonta on Monday. It is one of the grandest and most interesting and heart-rending plays ever placed upon the stage, and it will live forever in the memory of the theatre-going public. William H. Kibble, the enterprising manager, has taken great pains in staging and producing the original version of Mrs. Stowe's beautiful story, every year trying to outdo the previous. Matinee at 3:45 p. m. Children 10c, adults 25c. Evening 25c, 35c, 50c. Seats now selling.

CHAMPION AMERICAN GRENADE THROWER

Hezen Kelly of the Syracuse university unit has the distinction of being the champion hand grenade thrower among the American troops in France. Young Kelly's good right arm will probably account for many Huns when his unit enters the trenches. He has made grenades a special study.

$51 FROM WELLS CONCERT.

Three Boxes of Finished Goods Shipped—Other Red Cross Notes.

It was announced by the Red Cross last night that $51.30 had been realized from the John Barnes Wells recital held in the High school building last Wednesday evening.

An executive meeting of the organization was held yesterday afternoon to discuss general conditions. Among them was the question of the recent drive. Efforts will be made to further increase the total of money pledged.

Three boxes of finished goods, two of knitted articles and and one of gauze, were shipped by the local chapter yesterday.

Sixteen members of the Fidelity class of the Free Baptist church met at the Red Cross rooms yesterday afternoon and made 17 property bags, 29 scultetas, 20 triangular bandages.

Donations have been received of $1.50 from Miss Bernice Sheldon and 25 cents from a friend.

The Unadilla branch has sent in the following articles, besides 150 bed shirts which were made since January 23 and 10 pairs of pajamas, 41 outing bed shirts, one twill jean bed shirt, 32 handkerchiefs (hemmed by school children), 13 wash cloths, two sweaters, two pairs of socks, five packages of old linen and 24 comfort pillows.

DRIVING FORDS THROUGH

Oneonta Sales Company Unable to Secure Freight Shipments.

E. J. Weber of the Oneonta Sales company and Elmer Bastedo arrived in the city Thursday evening from Buffalo, from which point they had driven through a Dodge roadster and a Ford sedan. Mr. Weber, accompanied by Ward McFee, started yesterday afternoon on a return trip to Buffalo to arrange for the driving through or shipment of 12 Ford cars.

This is a special allotment secured by the local distributors to take care of a small portion of the rapidly increasing orders for these popular cars. Eastern-bound freight is at a standstill and there is but a small chance of shipment, necessitating driving all cars to Oneonta. Mr. Weber reports road conditions as passable.

Read This.

To our friends and customers: You have no doubt read the large advertisements that have been appearing in The Star. I wish to say that, beginning next Monday, March 18, I shall reduce the price of many of my goods, and it will mean a great saving to you. We will give credit as usual to our customers who pay their bills in full. My advice is to buy large orders and we wil deliver them for 5 cents. When you want little things be patriotic and carry them yourself. L. Palmer, 125 Main street. advt 2t

DEATHS.

Mrs. Clarisa Lamb.

The death of the late Mrs. Clarisa Lamb, brief notice of which appeared in The Star of Thursday, occurred on Wednesday evening, March 13, at the home of her daughter, Mrs. B. L. Dakin at West Oneonta. Her illness was of only six days' duration. The funeral service will be held at her late home in West Oneonta at 11 a. m. today. Rev. A. Christensen will officiate and interment will be at Otego.

Mrs. Lamb was a daughter of Jedediah and Sally Tracy, both long ago deceased, and was born in Sidney May 17, 1834, and was married May 2, 1861, to Henry Lamb. Her home for much of her life was at Otego, and later at Morris, coming afterwards to West Oneonta. She was a member of the Methodist Episcopal church and a woman of kindly disposition, who, though quiet and reserved by nature, made many friends. Up to within a week she had been very active, physically and mentally. Two children, Mrs. Dakin and Frank Lamb of Morris, survive her. General sympathy will be extended to the family in its loss.

Death of Infant.

Helen E. Gequinto, aged five years, adopted daughter of Mr. and Mrs. Louie Gequinto of 56 Gilbert street, died at the family home yesterday after a short illness. The funeral services are to be held from the home Sunday afternoon at 2 o'clock with Rev. N. S. Burd, pastor of the West End Baptist church, officiating. The body will be placed in the vault at the Plains cemetery and later interred there.

Entertain Progressive Club.

Mr. and Mrs. Foster West of Maple street entertained the Progressive club with their husbands at a dinner party last night. A fine time was had by all.

Births.

FARM BARGAINS

80-acre farm on state road near village, High school, railroad; a large, new cement basement barn with slate roof, running water, electric lights; tie-up for 25 cows; 4 horse stalls, silo 14x30; a 10-room house in fine repair, large porch, furnace, bath, electric lights; a good tenement house, barn and chicken house, and about one acre of land. Large hen house and hog pen with electric lights. With this farm are 12 cows, a good team, 125 hens, 2 shoats, all farming tools, hay and ensilage. Price, $9,500.00 for everything. A fine place to live; all the improvements to be had in a city.

113-acre farm; 3-story cement basement barn, good ten-room house, located on Susquehanna river one mile from village, railroad, state road and milk station. With farm are offered 20 dandy cows just fresh, 5 head young stock, a good team, some poultry, about 200 bushels state corn, 100 bushels oats, a large quantity of hay and a fine set of farm tools. This is a summer dairy and just ready to produce. It is one of the best producing farms in the valley. Price for farm, stock, tools and all, $9,500.00. Cash, $3,000.00; balance easy terms at 5 per cent. Income from this farm last year over $4,000.00.

97-acre farm, one-half mile from main road and creamery; 3½ miles to railroad station, village High school. This farm has 80 acres of fields, pasture and meadow. Red shale loam soil; 13 acres of woods, a valible pine grove. Owner estimates worth $1,000.00, and 1,000 cords of wood and about 100 maple trees with equipment to make sugar. Plenty of fruit, apple, pear, plum and cherry trees. New nine-room house; two porches, all in first class condition. Cow barn 37x53, built four years ago; tie-up for 25 head stock; silo 10x36; tool house 25x40; hog house, 2 new hen houses, ice house which adjoins ice pond; spring water running to house and barn and plenty of it. This farm will be sold with 15 cows, 3 heifers, calves, 4 yearlings, 2 horses, 125 hens and a good set of farming tools, hay fork, harness, reaper and all small tools. Income last year: Milk, $1,700.00; stock, $315.00; eggs, $355.00; poultry, $50.00; maple syrup, $38.00; other crops, $182.00; potatoes, $25.00; total, $2,706.00. Price for all, $4,300.00. Cash down, $2,000.00; balance on easy terms at 5 per cent interest. Possession in 30 days. What hay and ensilage in buildings will go with farm. This farm is a money maker and a bargain.

Send for our farm catalogue.

ROMANOFFS ARE HOUSED PLAINLY

Former Czar and Czarina Have No Gas, Electricity or Bathroom.

FARE OF MOST FRUGAL NATURE

Practically Condemned to the Life of Recluses—Daughters Allowed to Come and Go Freely, but Son Is Closely Guarded.

Paris.—Though things Russian are rather in disfavor just now, a short account of the life led by the Romanoffs, the former imperial family, may prove of interest.

Tobolsk has been called the "City of Death," its temperature rarely rising above the freezing point. Most of its houses are built of wood, the one where the imperial family lives being one of the few brick buildings in that part of the country. Its ground floor is occupied by a company of soldiers installed there as a guard. The two upper floors, consisting of 14 rooms most simply furnished, constitute the apartments of "Colonel Romanoff."

There is neither running water nor gas, neither electricity nor bathroom. The servants are obliged to draw from a nearby well the water needed for household purposes. The rooms are heated by brick ovens which burn wood. The largest room is not more than 16 feet by 20 feet.

The windows of the house look out on an unattractive landscape. There is not even a garden where the ex-czar might dig and forget his boredom. A narrow balcony and a courtyard inclosed by high brick walls furnish the only breathing spots for the imperial prisoners.

Live Life of Recluses.

Nicholas Romanoff and his wife are practically condemned to the lives of recluses. Their sole outing consists in attending mass at the cathedral of the Annunciation or at a neighboring monastery or going to the public baths, where as a special favor the revolutionary authorities permit them to bathe once a week. Whenever they go out they are escorted by a platoon of soldiers commanded by four officers of the guard.

The fare imposed upon the prisoners is of the most frugal nature. Once accustomed to the delicate refinements of French cooking, they are forced to be content with ordinary Russian dishes: pling, a sort of roll covered with caviar; bortsch, a thick soup made of beets and other vegetables; kalacha, a cheese paste.

The people of Tobolsk show neither hostility nor sympathy toward the exiled family. Life in the small town is consistently monotonous. The existence of the former emperor drags along in drab sadness. Now and then he is authorized to receive the visit of two faithful high functionaries whom the revolutionary government permitted to accompany him in his exile—Count Frederiks and General Voyekov. To them he confides his regrets, his memories and his hopes.

Nicholas Romanoff said recently to General Voyekov in an accent of profound resignation:

"Has my life not always been that of a prisoner? I do not regret my lost power. All I ask is to be allowed to retire to Crimea, where I could live surrounded by flowers. I feel more than ever that I would be peaceful and happy as a simple citizen of a republic."

His resignation in no wise is shared by the former Czarina Alexandra. Everything in her new mode of life wounds, shocks and irritates her.

Nowadays Alexandra devotes herself to her children, whom she teaches not to resign themselves but to remember. What makes her most indignant is that she is allowed neither to write nor receive letters that are not opened by the revolutionary officers. She constantly repeats to her daughters:

"Never forget what we are forced to bear at the present moment."

Her only confidante is Countess Narischkine, who was her lady in waiting and who was allowed to follow her to Tobolsk.

Alexis Closely Guarded.

If the grand duchesses are allowed to come and go freely in the town without the vexation of any surveillance, the same thing is not true of the ex-czarevitch. Prince Alexis, who is familiarly known as Alioscha, can go out and play in the public parks whenever he likes, but he is watched by guards specially attached to his person.

The daughters of the former czar lead a simple life. Grand Duchess Olga, the most serious of them all, has enrolled herself among the voluntary nurses of a military hospital to which are sent convalescents from Siberia and where she conscientiously passes several hours a day.

Grand Duchess Marie has taken up stenography and typewriting to help her father write his memoirs. But he dictates nothing and writes nothing. Sometimes he leans out of the only window, which overlooks the town, and watches his children when they go for a walk. He wears the undress uniform of a colonel of the Preybajenskys and puts on a dignified air as soon as he thinks he is being observed. But when he thinks himself alone his care-lined face in his hands and this man, whose hair has turned quite white, falls into melancholy brooding.

Beyond Comprehension.

Kant, whose searching analysis of the pure reason, probed deeper than any philosopher before him into the mystery of consciousness, confessed that two things filled him with awe, as beyond the faculty of the human mind to grasp—the immensity of the starry heavens, and the moral sense implanted in the soul of man.

NOT ALL AT ONCE

Farmer Forty-Eight Years Old and Wife of Forty-Four, Have 16 Children.

Peter Anderson, a farmer of the township of Bygland, in Polk county, Minn., owns a 7-passenger auto, which, even when loaded to normal capacity, only carries about one-third of his family. Another seven-passenger car and a four-seater are needed by him if no one is to be left at home.

Anderson is the father of 16 living children. The youngest, a daughter, arrived last week and has been christened Marie. There have been 18 children in all, but two are dead. The oldest, a son, was twenty-one on June 30 last. There are no twins or triplets in the family. The mother was forty-four years old on January 25, 1918. The father is forty-eight years old.

Anderson has 237 acres of land, worth $100 an acre, and can do all his farming without help from outside of the family circle.

"Father of Fishes."

Probably the most famous of our fish culturists—by reason of his long service and remarkable success—was Seth Green, familiarly known as the "Father of Fishes." His experiments began in 1864, and he discovered the so-called "dry method" of impregnation so extensively used in later-day practical trout culture. His early work was done in the Caledonia creek hatchery. The artificial propagation of shad in the Connecticut river was successfully attempted by Seth Green in 1867. —W. W. Wood, in the American Angler.

About Your Errors.

Remember that to change thy opinion and to follow him who corrects thy error is as consistent with freedom as it is to persist in thy error.—Marcus Aurelius.

GRANDMOTHER KNEW

There Was Nothing So Good for Congestion and Colds as Mustard

But the old-fashioned mustard-plaster burned and blistered while it acted. Get the relief and help that mustard plasters gave, without the plaster and without the blister.

Musterole does it. It is a clean, white ointment, made with oil of mustard. It is scientifically prepared, so that it works wonders, and yet does not blister the tenderest skin.

Just massage Musterole in with the finger-tips gently. See how quickly it brings relief—how speedily the pain disappears.

Use Musterole for sore throat, bronchitis, tonsilitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia). 30c and 60c jars; hospital size $2.50.

MUSTEROLE
WILL NOT BLISTER

RED CROSS DRIVE FOR $100,000,000 TO START MAY 20

All Chapters to Participate in Big Nation-Wide Campaign Lasting One Week.

The second $100,000,000 War Fund campaign of the American Red Cross will begin on May 20 and continue through that week, according to an announcement made by G. M. Dahl, chairman of the War Fund Committee for the Atlantic Division of the Red Cross. This announcement followed the receipt of a telegram from the War Council of the Red Cross.

The big Red Cross campaign was originally set for May 6 to 13, but on account of possible interference with the Liberty Loan drive it was decided that the later date would more effectively serve the interest of the Red Cross and the Liberty Loan Committees.

The campaign will be nation-wide with each of the thirteen Division Headquarters and all Red Cross Chapters participating. Arrangements for the campaign in the Atlantic Division, which embraces the States of New York, New Jersey and Connecticut, are being made under the direction of Mr. Dahl, who is Vice-President of the Chase National Bank of New York City.

$77,721,918 Already Appropriated.

Through the action of the War Council the campaign for the second $100,000,000 War Fund will start approximately eleven months after the first $100,000,000 War Fund Drive. The first campaign was launched June 18, five weeks after President Wilson appointed the War Council, headed by Henry P. Davison. At the outset of its activities the War Council saw the need of a huge war fund, not only to uphold the morale and conserve the strength of our Army and Navy, but also to care for the helpless civilian sufferers in Europe.

The public immediately responded to the appeal, subscribing more than $100,000,000. Interest added to the contributions brought the total fund to $105,099,257.

Of this amount $77,721,918 has been appropriated for Red Cross activities at home and abroad. In addition, $17,006,121 was refunded to chapters for supplies and local relief work, leaving a remainder of $10,371,217 now available for appropriations. For the benefit of France alone the American Red Cross has expended more than $30,000,000.

At the time of its first war fund campaign the membership of the Red Cross was a little more than 500,000. Today, as a result of the membership campaign during the week preceding Christmas, the Red Cross has approximately 23,000,000 members, not including the membership in its Junior Department, a collateral branch of the parent organization, which has enrolled a large percentage of the school children of the United States.

SCHENCK'S MANDRAKE PILLS

They act promptly and freely, but gently, thoroughly cleansing the bowels, comforting the stomach, stimulating the liver—the specific for indigestion, headache, biliousness, heartburn, flatulency.

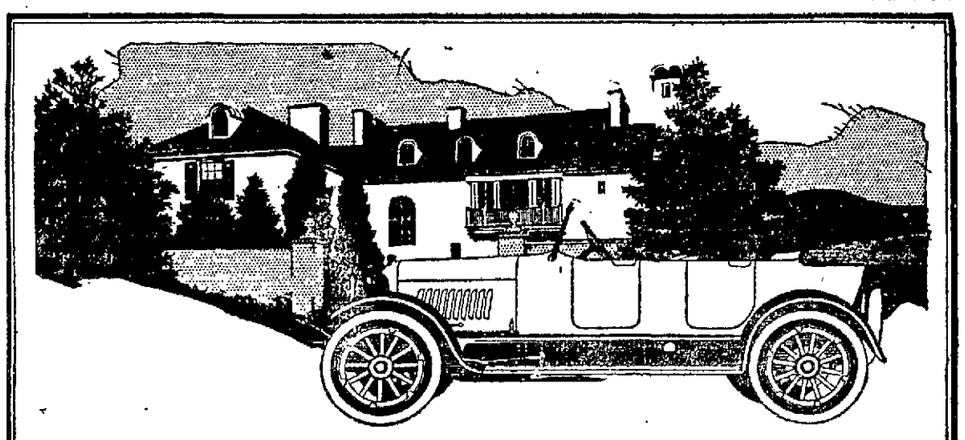
Purely vegetable. Plain or Sugar Coated.

SO YEARS' CONTINUOUS SALE PROVES THEIR MERIT.

Dr. J. H. Schenck & Son, Philadelphia

NAPOLEON ONCE SAID

"A Footsore Army Is An Army Half Defeated." Men in Training Camps, in Cantonments, in the Army and Navy suffer from blisters and sore spots on their feet. Every "Comfort Kit" should contain one or more boxes of Allen's Foot-Ease, the antiseptic powder to shake into the shoes. It freshens the tired, aching, smarting feet and heals blisters and sore spots. The Plattsburg Camp Manual advises men in training to make daily use of Foot-Ease. Sold everywhere, 25c.



GRANT SIX

$1095
f. o. b. Cleveland

After April 1st

AFTER April 1st the GRANT SIX price will be $1095—an increase of $40. No apology is necessary—the car is worth it. Indeed, those who are well informed regarding motor car values will be astonished that the advance in price is so slight, unless they happen to recall that ever since the upward trend in prices started two years ago, GRANT SIX price advances have been fewer and smaller than those of any other six.

Even at $1095 the new GRANT SIX is priced too low according to prevailing standards of motor car prices. There is no other six of comparable size, beauty, power, mechanical refinement, riding comfort and fine finish at anywhere near the price.

There is no other six so economical—no other six whose thousands of owners average 20 miles to a gallon of gasoline and 900 miles to a gallon of oil—or whose owners get such tire mileage as the GRANT SIX gives.

There is no other engine like the overhead-valve engine of the GRANT SIX, with its snap, its flexibility, its quietness and freedom from vibration.

Built by men who pioneered the popularly priced six four years ago, backed by the experience gained in producing 50,000 cars, this new model is unquestionably the finest product in its price class.

The demand for GRANT SIXES this spring promises to be at least twice the output. Don't delay. Don't procrastinate. Get your order in now and make sure of the car you want, the car that saves you money the day you buy it and every day you run it—the economical GRANT SIX.

WEAK KIDNEYS MEAN A WEAK BODY

When you're fifty, your body begins to creak a little at the hinges. Motion is more slow and deliberate. "Not so young as I used to be" is a frequent and unwelcome thought. Certain bodily functions upon which good health and good spirits so much depend, are impaired. The weak spot is generally the bladder. Unpleasant symptoms show themselves. Painful and annoying complications in other organs arise. This is particularly true with elderly people. If you only know how this trouble can be obviated.

For over 200 years Gold Medal Haarlem Oil has been relieving the inconvenience and pain due to advancing years. It is a standard, old-time home remedy, and needs no introduction. It is now put up in odorless, tasteless, capsules. These are easier and more pleasant to take than the oil in bottles.

Each capsule contains about one dose of five drops. Take them just like you would any pill, with a small swallow of water. They soak into the system and throw off the poisons which are making you old before your time. They will quickly relieve those stiffened joints, that backache, rheumatism, lumbago, sciatica, gall-stones, gravel, "brick dust," etc. They are an effective remedy for all diseases of the bladder, kidney, liver, stomach and allied organs.

Go to your druggist today and get a box of Gold Medal Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. Gold Medal are the pure, original imported Haarlem Oil Capsules. Accept no substitutes.

STILL THE CALL IS FOR MORE NURSES

Surgeon General Gorgas Urges Young Women to Take Up Training Courses.

Nurses, more nurses and still more nurses! is the call from the American army in France.

Surgeon General Gorgas is urging young women to begin the training courses to fit them for service at the front, or at least to take the places of nurses who go to the front, where 30,000 are needed.

"The need for nurses will not end with the declaration of peace," his department points out. "Therefore, those who begin the course of training are assured of employment in the future as well as doing a patriotic service now. The number of new students in the schools throughout the country should be limited only by their facilities to teach and the clinical facilities of the hospitals."

In this connection it is recalled that Surgeon General Gorgas had an experience with nurses when he was in charge of sanitation in the Panama Canal zone that may be duplicated in France. It was found extremely difficult to keep nurses in Panama because the American men there married them almost as fast as they came!

"The epidemic of matrimony," as it was called in Panama, is likely to break out in France. However, both nurses and soldiers are over there strictly on business with the kaiser, and if romances bud they will not flower until peace is declared.

Students are at no expense for tuition, board, laundry, lodging, uniforms, etc., and information about where to enroll for the training courses may be obtained from any Red Cross chapter.

WIFE TO PRODUCE NOISE

Explosive Boss Doesn't Think New Job Is Sinecure.

When Constable F. Ruel Andrews of East Haven, Conn., who is also the town dog warden, fire warden and unofficially known as town "chief of police," received a commission from the government, appointing him director of explosives for the town, he stood in the village post office and displayed the voluminous document. Some of the curious bystanders allowed that "Ru" wouldn't have much to do in this town, as there weren't any explosives to direct.

"Huh, there ain't!" said the constable. "Well, you just wait till my wife hears they've saddled a new office onto me."

Triumph of Engineering.

One of the greatest engineering projects of the world, the Suez canal, was formally opened 48 years ago. The canal cost $100,000,000. The festival given by the khedive in commemoration of the opening of the canal cost $23,000,000, or a fourth as much as the canal. Cairo was gaily decked for the event, which was attended by the emperor of Austria, the empress of France, and many other high personages. The engineering work of the canal was under the direction of the great French engineer, De Lesseps. The canal is 88 miles long.

WIN FROM LANSINGBURG

High School Basketball Team Closes Season With Victory Over Strong Opponents by 28 to 19.

The High school basketball team successfully closed the season last evening by defeating the Lansingburg High school team 28-19. The game was well played but the High school seemed to have hard luck and at times it looked as if the Lansingburg team would win the victory. Woodworth and Keenan secured most of the points for the High school and did some very good work. Considering the absence of a regular boy's athletic instructor this has been an exceptional year for the team and their record is one to be proud of. Lempe played a good game for Lansingburg but the team as a whole was outclassed. In the preliminary game the High school girls defeated the Normal team, although the team did not appear at its best. Davis starred for the High school, while Melius led for the Normal. Score at half time 3-5 for the High school; final score 12-15.

The score summary of the boys' game follows:

ONEONTA.	F.	F.B.	P.
Keenan, rf.		5	10
Lord, lf.		2	4
Woodworth, lg.-rg.	8	1	10
Getman, c.		2	4
Kniskern, rg.			0
*West, lg.			0
			28

*Substituted for Kniskern, who was disqualified for personal fouls.

LANSINGBURG.	F.	F.B.	P.
Tolmison, lf.			0
Lempe, rf.	6	5	16
Lewis, c.			0
Johnson, rg.			0
Church, lg.		1	2
Rogers, c.			0
			18

Tomlinson substituted for Johnson. Rogers substituted for Lewis. Lewis substituted for Tomlinson. Later Lewis was disqualified and Rogers substituted for him. Score at half time 11-10 for High school. Referee, Damasche.

MANY PAPERS SUSPENDED.

Cost of Production Has Largely Increased.

If the public has been inclined to feel that the publishers have been overemphasizing the rising cost of newspaper production, the figures contained in Ayers' Newspaper Annual and Directory just off the press should leave no doubt in their minds as to the truth of statements made about soaring prices of paper, ink, labor and equipment.

The annual shows that approximately 1,200 publications in the United States and Canada suspended operations last year. The number included sixty-two dailies, sixty semi-weeklies and 569 weeklies.

While it is true that consolidation accounts for some of the decrease in the number of papers, it is also true that only when they became money losing propositions did their owners consent to selling to competitors.

State Civil Service Examination.

Examinations will be held Saturday, April 27, in Oneonta and other cities of the state for a number of positions in the state service. Among the positions to be filled are lock operator on canals, examiners in public service, disbursing and other clerks, publicity director in State Food commission, bacteriologists, laboratory apprentices and assistants, special agents in the department of labor, draftsmen, electrical engineers, file and index clerks, bookkeepers and home teachers for the blind, the latter being open only to men and women blind or nearly so. There are also several institutional positions concerning which information can be had on application.

Further information regarding all positions, with detailed circular and application form, can be had by addressing the State Civil Service commission, Albany, N. Y.

Just think of the good time there will be for us. The Bartenders are going to hold their eighteenth annual ball on Monday night, March 18, at Liberty hall, and Wolcott's orchestra will furnish the music for the old and new dances. So come one and all, for I think William Winney, the home-grown restaurant man, will be there to explain why he holds meatless and wheatless days. Sincerely yours, Bartenders' local, 126, Oneonta. advt 3t

Twenty-Five Dollars' Reward.

The above reward will be paid for information that will lead to the arrest and conviction of the person or persons who broke into the horse barn at the fair grounds and took Firestone tires and tubes and other articles from cars stored there. Oneonta Sales company. advt 3t

China, Its Your Move.

Another chicken may be coming home to roost. Germany was the only nation that failed to act like a gentleman at the settlement of the Boxer trouble. — [Pittsburg Gazette-Times.

KIDNEY TROUBLE DISAPPEARED

After One Month's Treatment With "FRUIT-A-TIVES".

MR. HENRY DATER

From the tip of Cape Cod in Massachusetts, to the Golden Gate in California, has come endless praise for the wonderful healing powers of 'Fruit-a-tives', or Fruit Liver Tablets, *the medicine made from fruit juices and valuable tonics.*

Right here at home, we have the testimonial of Mr. Henry Dater of 658 First Avenue, Troy, New York, who wrote under date of April 29th, last.

"I have been a great sufferer for years with *Kidney Trouble and Constipation.* I tried 'Fruit-a-tives' about a month ago, and with almost immediate results. The Kidney Trouble has disappeared and the Constipation is fast leaving me".
